It is mandatory to complete the Review & Confirm otherwise payments will be placed on hold. Prior to this it is important that your Service Profile is up to date. You can only complete the Review & Confirm when the previous Core funding Application/ Application change is at Approved status.

Opt-out template for ECCE/NCS- Core Funding Services

Pobal have released a template for services who are signed up for Core Funding but have no ECCE/NCS registrations on HIVE because parents have chosen not to avail of ECCE/NCS. The template is used to show that the service offered ECCE/NCS, but parents opted out of availing of the funding programmes. Please refer to the announcement on HIVE which was published on 19th September, for access to the template and further information.

Support:

If your service requires support completing an application, additional resources are available on the [Core Funding Documents](#) page on the Early Years Hive. Your local CCC (County Childcare Committee) can also assist you in completing your Core Funding Application Module.

Fee Table 2023/2024- Checks

Review of Fee Tables

To assist FCCC Development Officers continue the review & approval process of the ECCE element of service's Fee Table's via the HIVE in the final quarter of the year, please check that you have not received an email from your relevant Development Officer advising you of amendments that must be made in line with the ECCE Rules of the Programme 2023/24. If you have received an email, once you have edited your Fee Table, please email back your Development Officer advising them that the changes have been made and they will review the amended document on the HIVE and approve if it meets the rules of the ECCE programme.

All services whose Fee Tables have been reviewed & approved will receive a confirmation email from their Development Officer.

Please note when changes are submitted to the Fee Table the changes do not carry over to the Parent Statement therefore if changes are requested you will need to redo your Parent Statement and if they have already been sent to parents, they will need to be resent and resigned.

Note - If you have received an email from the development officer in your area in relation to your fees table and you have been asked to make any adjustments, we would ask that you let them know when the changes have been made in order for them to review & approve.

Hub na nÓg: Expression of Interest to participate in an online Focus Group on children and young people's participation in decision-making.

Hub na nÓg is the centre of excellence and co-ordination on children and young people's participation in decision-making, established and led by the Participation Unit of the Department of Children, Equality, Disability, Integration and Youth. Hub na nÓg's role is to support Government Departments, State Agencies and non-government organisations to give children and young people a voice in decision-making with a particular focus on those that are seldom-heard.

Hub na nÓg is currently developing guidance materials for practitioners and other adult decision-makers on methodologies and mechanisms for consulting with children aged 0-5 years, as part of DCEDIY's commitment in the First 5 Strategy.

Hub na nÓg and the DCEDIY are seeking to establish an **online focus group of Early Years Educators**. The focus group will seek the opinions of people working directly with children about the development of a resource or toolkit for participation in decision making in an Early Years setting. DCEDIY and Hub na nÓg are inviting you to register your interest in being part of a focus group of Early Years Educators.

The group will be invited to meet online on two to three occasions to discuss the layout of the toolkit, the approach, language use and case studies and methods proposed from an Early Years Educators perspective. This is to ensure that the Toolkit is developed with the upmost functionality for the intended purpose.

The hope is to run the first of these focus groups the week of the 30th of October 2023. The aim is to have one to two more focus groups after this. Focus groups will run for 1hr30mins and will be scheduled at times when educators indicate they are most available.

8-12 Early Years Educators will be selected who express their interest in participating through the google form. Unfortunately, not everyone who expresses interest will have the opportunity to participate. Participants will be selected to reflect geographic representation and a range of Early Years Setting types.

Please click on this link to sign up for the online focus group meetings - [Online Focus Group](#)

Updating Aistear Phase 2 Consultations

The National Council for Curriculum and Assessment (NCCA) has begun Phase 2 of the consultation process to update *Aistear, the Early Childhood Curriculum Framework*. You can view the Consultation Report from Phase 1 [here](#), while [this video](#) explains the proposed changes to Aistear.

Educators and other stakeholders are invited to share their views on the proposed Framework. This can be done via an online questionnaire, a written submission or by participating in an online focus group in the coming weeks. The consultation will run until Tuesday 14th November 2023.

This is an important opportunity to have your voice heard and to help inform the updating of Aistear, so it continues to have a positive influence on the learning and development of babies, toddlers and young children.

OMEP Ireland in partnership with Kristianstad University, OMEP Europe, and edChild announce the launch of 'Sustainability from the Start'. This free online course, an ESD Curriculum for Early Childhood Education, will be exclusively available in the ECE Academy App.

Key Features of the 'Sustainability from the Start' course:

- **Eight comprehensive, user-friendly modules** delving into various aspects of sustainable development.
- **Engaging activities** designed for educators and children to explore and learn together. The course includes '8 Friends' characters, seamlessly integrating sustainability concepts into teaching methods.
- **Insights drawn from leading researchers** in the field of sustainable development in early childhood education.

About the course:

The 'Sustainability from the Start' course will be available on September 1st, 2023, in the ECE Academy App (AppStore / Google Play), offered in multiple languages, catering to a diverse global audience and curricula.
